James was the DJ for our wedding on October 18/08 and he did a fantastic job! Everyone from the 20- somethings to the 70-somethings were out dancing and are still raving about what a great job he did picking music. He kept the party going well into the night. I would highly recommend him for any function. Thanks James for making our day one that we won't forget! Deanna and Tom Ursino

James was our DJ for our September 6, 2008, wedding, and he was awesome!! Great job coordinating wedding party entrance songs, first dance, and reading the crowd to keep the dance floor welcoming and jumping all night! We received many compliments from our guests on how great our DJ was. Thanks James!!!

Sean, you are an amazing DJ and an amazing person!! I am soooo very happy that we chose you as our DJ! You were so awesome and everyone at our wedding had so many good things to say about you. Your prices are so very reasonable and we totally got more than our moneys worth! We feel like we ripped you off. You took the extra time to get to know us and were always so helpful throughout the whole planning process. You went over and beyond our expectations and totally blew us away! You were so funny and interactive, you were very nicely dressed, you had great manners and you knew just what songs to play to keep the party goin'!! Thank you so very much for all your hard work Sean! I truly appreciate everything you did for us on our special day, and you helped make it extra special! :) Thanks again! You have our 100% recommendation!!!!

Just wanted to say thanks and mention what an awesome job you did for our wedding. The music was great and it kept everyone dancing all night. I thought it was great that you played some songs for the little kids before the dance started. They loved it and so did we!!

My husband and I were thrilled with the DJ services provided at our wedding. Sean was very friendly, professional, and took the time to tailor our wedding dance perfectly to the needs of ourselves and our guests. I don't think that we could have picked a better DJ! I highly recommend his services to anyone.

Sean and his wife were great! She took so many pictures of the guests at our wedding that I hope to soon see some posted! Very flexible with the program as my brother the MC in the orange tux added the garter/bouquet toss and we had decided to leave it out.. go with the flow. Music was good, not always dancable by the older guests at the wedding but all the same I am sure they had fun. Thanks for taking requests.. I forgot to request Brad Paisley's Alcohol, that would have been suiting to our crazy wedding and friends that attended our special day. Thanks Sean and Sean's wife who I am rude and forgot her name! Sorry to forget, but you're lovely!

She was amazing. I have never seen a DJ that could get people up on the dance floor, and not be too pushy with it. She is a take charge kinda girl, and i felt safe to just let her do her thing. It was an amazing night and everyone loved the DJ. Thank you again for the great night we will recommend you to all of our friends that need a DJ.

I wanted to start off by saying thank you so much for all of your help with doing the prizes thing. It took some pressure off of the Mc's and allowed them to enjoy their evening as well. We had a great time and i have heard nothing but positive things about you and your partner the night of the party. Everyone thought that you did an amazing job and that you were overall the best DJ we have had in a very long time. We have a meeting next Tuesday to discuss some things for next year and i will bring it up to them about reserving you for next year right away and get a deposit to you. There's a funny story about the guy that won the trip to New York at the end of the night. I don't know if you remember much on how it all happened that night with that prize. You had called two numbers and no one came up and then you called 809. A girl jumped up and yelled "YEH" and then asked if you had called 802 and you apologized to her and said "no I'm sorry i said 809". She had number 811 all night and at the end of the evening someone had left and gave her their number which was 802. now this girl that jumped up with Joy and completely felt embarrassed by her actions and not listening properly is my Best Friend. She was so excited that she had won but very quickly was extremely sad and disappointed. I had won the \$500.00 voucher with West Jet and she just wanted to win something. Well when she came back to her seat I waited to see if someone would go up and claim it or if you would call another number. Then when I saw the guy that went up and claimed the prize since he did have the number 809 I looked at my friend, her name is Shea by the way, i looked at Shea that had her head down on my knee and was almost crying and said to her, "Shea you didn't have 809 but your boyfriend does." The guy that had 809 was her boyfriend and he is taking her on that trip to New York. I love telling that story and i am so happy that they won. They will have such a good time. Well I will let you know more next week after the meeting. I go on holidays starting next week on Friday and I am not back until the 17th. If you send me any emails I will get back to you when i get back but hopefully I have somewhat of an answer for you next week after the meeting. Thanks again for an amazing evening and I hope to speak with you soon.

Thanks so much for coming out to DJ our Dow Social Club X-mas party dance! You did an excellent job, and were great to work with. We had a smaller group this year (~ 90 people), but a LOT stayed into the dance, when a typically a lot of folks leave. Thanks for the excellent service!

I have booked R.V.L. Entertainment for my upcoming wedding in June 2008. I am looking forward to having a DJ with such extensive experience utilize their skills at MY wedding. Knowing this, I am sure they will help make this the day I have been waiting for all of my life.

Our wedding was awesome! Everyone that walked away from it said it was the best wedding they had ever been to! They helped us keep the crowd interested the entire night no one wanted to leave! Sean helped us co ordinate our flower toss and made the garter belt one of the funniest highlights of the night. From our first dance together to the chicken dance I had the best night of my life and all of my friends have been asking which DJ i used!

What can I say about my wedding reception. One of the main reasons everyone had such an amazing time was because of the DJ. He knew what music to play for the crowd, and kept everything flowing all night. I have had nothing but compliments from everyone that was at the wedding and I feel the DJ was the main part of my festivities. Thank you very much my wife and I had the time of our lives. Keep up the good work and I will be recommending you to everyone I know (and even people I don't know). Keep up the good work!
